## CLASS REPORT

Lyda Eng II 6th mid yr (20 students)

Session

Ninth Grade General Assessment 1

Assessment

February 20, 2013

Created

Maximum Possible Score\* **25** (100%)  
Range of Student Scores **5 - 18** (20% - 72%)  
Mean Student Score **12** (50%)  
Standard Deviation **3.61**

\* Each *single-correct-response* item (question) is worth one point. Each **response** of a *multiple-correct-response* item is worth one point, because **not** checking a wrong (distractor) response is worth as much as checking a correct response. E.g., a score of zero to five is possible from a five-response, multiple-correct-response item.

Percent correct (on average) within Category:

Results are reported for each item by number and percentage of students choosing each possible response. Correct responses are in **red** and bulleted.

- 19. [Evaluate sources and information]** Being information literate means being able to identify when two or more sources agree and disagree. Read the two paragraphs below. Select the one statement on which both authors agree.

**Author #1**

Worldwide every day 14,000 people become infected with HIV. Of these 14,000 people, approximately 1,700 are children. In fact, more than half of the global HIV infections occur in young people ages 15-24. This high rate is partly due to young people not knowing how to protect themselves from HIV transmission. Globally, youth also feel the burden of HIV in another way. AIDS has orphaned approximately 15 million children.

**Author #2**

The Centers for Disease Control and Prevention estimates that 40,000 people in the United States become infected with HIV every year. HIV can be transmitted through bodily fluids such as blood and breast milk. Therefore, babies born to mothers with HIV can also become infected. Pregnant women can be tested for HIV and receive drug treatment to prevent their babies from contracting HIV. [CHOOSE ONE ANSWER]

- |    |        |  |
|----|--------|--|
| 5  | 25.0 % | Babies can become infected with HIV through their mothers.                           |
| 13 | 65.0 % | <input checked="" type="radio"/> Children are at risk of becoming infected with HIV. |
| 2  | 10.0 % | Over 50% of HIV infections occur in young people.                                    |

- 20. [Evaluate sources and information]** You are completing your research paper on the devastation of the Amazon rainforest caused by logging. You locate a statistic from a recent newsletter created by the Lumberjacks of the Great Northwest.

Which of the following best reflects the credibility of this source? [CHOOSE ONE ANSWER]

- |    |        |   |
|----|--------|---|
| 3  | 15.0 % | This is a credible source because there is a clear author.  |
| 4  | 20.0 % | This is a credible source because there are images and graphs.  |
| 12 | 60.0 % | <input checked="" type="radio"/> This is not a credible source because the author is likely to be biased. |
| 1  | 5.0 %  | This is not a credible source because there are misspellings.   |

- 21. [Recognize how to use information responsibly, ethically, and legally]** You are creating a video for your science class, and you want to include a sound clip from a popular song. How much of the song may you include without violating copyright? [CHOOSE ONE ANSWER]

- |    |        |  |
|----|--------|--|
| 3  | 15.0 % | up to 3% of the song length, but no more than 9 seconds                                    |

Citation: Krenkle, Cory M. "Soccer's New Status." *School Sports News* 2 Feb. 2007: 16.

"Soccer is quickly gaining popularity in America. More schools continue to add soccer to their list of competitive varsity sports. In fact, most high schools that offer varsity soccer have a feeder program in the elementary and intermediate grades so that players come to the sport with a good number of skills and knowledge of the rules of the game." [CHOOSE ONE ANSWER]

- |   |        |   |
|---|--------|---|
| 8 | 40.0 % | According to Krenkle, soccer has become very popular in America, partly due to the fact that there are elementary and middle school soccer teams that prepare children to play in high school.  |
| 6 | 30.0 % | <input type="radio"/> Soccer's increasing popularity in America is seen in the increasing number of high schools that offer it as a varsity sport. In order to have participants with an understanding of the rules and basic skills, these school districts offer soccer to their younger students (Krenkle 16). |
| 4 | 20.0 % | Most high schools that offer varsity soccer have a feeder program in the elementary and intermediate grades so that players come to the sport with a good number of skills and knowledge of the rules of the game (Krenkle 16).   |
| 2 | 10.0 % | "Soccer is quickly gaining popularity in America. More schools continue to add soccer to their list of competitive varsity sports" (Krenkle).   |

25. [Recognize how to use information responsibly, ethically, and legally] You are preparing to create a bibliography for your research paper. Using information from the first page of a book as given below, which of the following is the book's publisher?
